

Services offered by the Alzheimer Societies in Quebec

The Federation of Quebec Alzheimer Societies represents 20 Societies located throughout Quebec. The Quebec Alzheimer movement offers personalized special support and care with its characteristic humanist approach.

Most regional Alzheimer Societies offer the following activities and support programs:

- * Telephone support service
- * Individual and family meetings
- * Psychosocial support
- * Support groups for family members

Some Societies are also striving to meet the specific needs of the population they serve with:

- * A relief/respite care program for everyone living with Alzheimer's disease.
- * Support groups for people with Alzheimer's disease.
- * Training for health network workers and associations working in health and social services.

Other Societies have implemented a new residential and special support concept for people with Alzheimer's disease.
